

The Positive Impact Report

Thank You Taco Bell Headquarters

Taco Bell Headquarters invited our teens to participate in a once-in-a-lifetime opportunity! Our teens had the privilege of meeting franchise owners from different locations such as Atlanta, Pennsylvania and many other states. Taco Bell team members supplied our members with the tools they need to reach their full potential. Members received laptops, clothing, sports equipment and much more! Thank you Taco Bell for this wonderful opportunity! - **Anthony S., age 16**

Members received laptops, clothing, sports equipment and much more! Thank you Taco Bell for this wonderful opportunity! - **Anthony S., age 16**

I ♥ My Club

Keystone and Torch Club had the opportunity to give back to their Club by cleaning up and refurbishing areas that looked old. The concept of this idea was brought up by the Orange County Boys & Girls Clubs Teen Advisory Council, who were inspired by the Love My City Campaign. It was great seeing my fellow Keystone's and Torch Club members care about their Club and take time out of their schedules to give back to their second home. After a long day of making our Club look cleaner and newer, we drove to Santa Ana Boys & Girls Club, where we joined other members that gave back to their Club. Here we celebrated our accomplishment by listening to music, dancing, and eating tacos! I would have to say that this was a great success and this idea should be spread out to more clubs across the U.S.- **Jeffrey P., age 15**

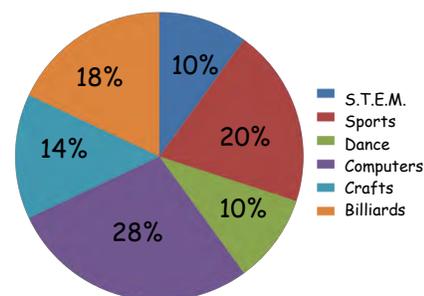

2016 Fair Housing of O.C. Poster Contest

The Boys & Girls Clubs of La Habra's members participated in the 2016 Fair Housing of O.C. poster contest. This year's theme was "Welcome Home." The purpose of the poster contest is to increase awareness to youth about everyone's right to freely choose a place to live that they can afford. The Fair Housing Council of Orange County (FHCO) was established 50 years ago to

K-1 Nutrition Program

This past spring, Keystone taught the K-1 members about Nutrition. On May 6th we held a small celebration to honor their hard work and for being great listeners! The K-1 students received a certificate for their 6 week participation. We celebrated by eating multiple fruits and vegetables while watching a movie. It was an honor to teach the kids and give them knowledge about food. - Jazmine T., age 16

A.S.E.S. Spotlight

Learning about the Outdoors-The members of Arbolita ASES had the opportunity to learn all about camping! Mr. Wesley, a Program Leader and Boy Scout Alumni, educated the members all about the outdoors and camping. He talked to the members aka "campers" about being safe in the outdoors by using maps and the buddy system. The "campers" enjoyed getting hands-on experience in learning to roll up a sleeping bag, build a tent and even using a water filtration system! Overall, the members had a great experience learning about camping and can't wait to learn S'MORE!

Youth Voices-Here at El Cerrito ASES our Youth Voices have been leading the way of our program. The children have been using their voices to speak at our site. The boys and girls have been given an opportunity to showcase their ideas and goals for each classroom. Their duties include guiding the class during enrichment time, getting the class to vote for their social recreation, and coming up with new ideas with the program leader to have the class flow smoothly. The boys and girls are also broken up into teams by table to bring up team building, to make sure each table is on task, and to make sure they follow ASES rules.

Celebration, Education, and More-May is in the air and summer is right around the corner. Here at Imperial ASES, in the spirit of Cinco de Mayo, one of our members (Merna S.) presented us with a delicious recipe for Turkey tacos. She showed us that tasty can also be healthy. We have also concluded our insect section of our science action club and earned the title of citizen scientists through hard work and contribution to the world-wide science community. Seeing how this school year is almost over, we reflect back on all we have accomplished and look to next year to do even bigger and better things. We wish everyone a great summer vacation and we hope to see you at the Boys & Girls Club.

A.S.E.S. Spotlight Cont'd

Honoring Our Mothers-The scholars at Ladera Palma ASES showed their appreciation for their mothers by creating an arrangement of gifts as a part of our weekly art activities. Our students worked very hard and with utmost care to create timeless hand-print art projects in their effort to reciprocate the daily and everlasting efforts given by their mothers in hope that in the future, these pieces will provide them a nostalgic treasure in which they can reminisce and revisit the wonder, beauty, and amazement of the developmental years of their children.

Engaged Parents-Our Las Lomas ASES family celebrated Quesadilla Day for Cinco de Mayo. It was a great way to bring all the kids together and to get a few of the parents engaged in the ASES experience. Many parents donated cheese, salsa, and tortillas to make our Cinco De Mayo celebration possible. Small parties like this allow all members to participate in one thing much like a family. In addition, parent participation with school functions is known to be extremely effective in the enjoyment of education for children. Students thrive when their parents get involved with their education and that is a proven fact.

Teamwork!-Las Positas ASES is promoting healthy choices for their members. To implement this concept we accomplished an end-of-the-year Field Day. The children loved the idea and had a blast while getting their exercise. The members were split according to grade level and were each assigned a specific race. The races included a relay race, three-legged race, jump rope race, wheelbarrow, and hula hoop race. The winners received gold medals as a reward. Most importantly the children had a great time interacting and remaining active with each other.

Youth Recognition-As the year comes to a close, Sierra Vista ASES took time to recognize our members for the kindness and hard work they displayed throughout the school year. Our members nominated others that they thought deserved recognition for being a good friend, a leader, a math whiz, and other important traits. The votes were totaled and we had our winners. We cannot wait to see these hard working members return next year!

Wrapping-Up the Year with Fun-Our last highlight of the year 2016 will be on the one thing every member of Walnut ASES looks forward to every year: The end of the year party! The students always talk about the party from the year prior with so much pride. This year since the schools will be serving lunch for the first time we have decided to have a nacho bar for the students, followed by some activities like face painting, karaoke, and the outdoor sprinklers. Finally, we will have a yogurt bar followed by the movie "Zootopia." Hopefully every single member can take the last day and have fun.

Creations for Mom-For the month of May, Washington ASES experimented with making Mother's Day candles! What a great way to end the year than showing appreciation to the marvelous women in our lives. The members were not limited to who the gift could be for, as there are many significant figures that guide our youth! Talk about showing appreciation!!

Announcements
