## A DAY AT THE ZOO

During Spring Break we took a group of 180 (members & staff) to the LA Zoo. We traveled in style in chartered buses making even the travel time very fun. The weather was perfect for animal gazing. The zoo was a wonderland of discovery and exploration; from flamingos to gorillas to elephants to towering giraffes. This was a first-time experience for the majority of members. This special trip also included lunch vouchers that gave members the chance to choose their own meal.

## AGRICULTURAL WEEK

We dedicated a week to learn about agriculture. Members experienced milking a cow on a DIY cow made in the Art department. They also participated in a STEM activity, "Three Little Pigs", and built little pig's home within assigned groups and tested structures with high wind speeds. The highlight of the week was a walking field trip to the LHHS Ag. Farm. Fifteen members learned the procedures of tending to the animals, how to determine if a plant is organic based on sight, taste, and texture, as well as participating in shaving Lola the sheep.

## EASTER BREAKFAST

The annual La Habra Host Lions Easter Breakfast is a tradition that brings our community together in benefiting our Boys & Girls Club. We're immensely grateful for the support of the La Habra Host Lions Club. Despite the rain, the event was filled with fun and enthusiasm as our after-school members showcased their talents. One memorable performance came from our Walnut ASES site that delighted the crowd with their spirited routine of Caballo Dorado. Rain or shine, the day was successful and children eagerly hunted for eggs, played with hula hoops, and loved going to the face painting booth. And the pancakes were delicious!
